NALANDA PUBLIC SCHOOL

Knowledge Rules the World...

AFFILIATED TO CBSE, NEW DELHI | AFFILIATION NO. 1530185

MISSION

*To deliver holistic, value-based education that nurtures confident and responsible learners.
To unlock every child's potential through quality teaching, innovation, and inclusion.
To build strong character, curiosity, and leadership for a brighter future.*

VISION

*To grow into a multidisciplinary university of excellence and innovation.
To expand our reach through more branches and accessible quality education.
To shape future-ready global citizens rooted in values and knowledge.*

From the Desk of the Chairperson ...

At Nalanda Public School, we believe that success means nothing if we lose the values and character that make us who we are. True wealth lies not in possessions, but in the strength of our soul and the power of knowledge.

Our guiding philosophy, "Knowledge rules the world", reflects our belief that intellectual power is the greatest power. In today's rapidly changing global society, knowledge has become the most valuable resource. A knowledge revolution is shaping the future, and we want our students to lead it.

Education is not just what we learn in the classroom - it is the wisdom we gain from every experience. While the world overflows with information, Nalanda Public School strives to help children transform information into understanding, and understanding into wisdom.

We are committed to help every learner discover who they are, what they can become, and how they can contribute meaningfully to society. With the right guidance, the right attitude, and the right choices at the right time - dreams become achievements.

Thank you, dear parents, for trusting us with your children's future. Together, let us nurture confident, compassionate, and knowledgeable young minds who will make a difference in the world.

*The woods are lovely, dark and deep. But I have promises to keep,
And miles to go before I sleep, And miles to go before I sleep.*
